

213LB

13 SEER Air Conditioners and Heat Pumps
R22

Reliable comfort
and greater
efficiency.

AIREASE™

Built for life. Yours.

Delivering comfort with efficiency and style.

From the inside out, AirEase™ air conditioners and heat pumps are designed for dependability, energy efficiency, quiet operation and up-to-date style. You gain a distinct comfort advantage, knowing every unit is built for years of worry-free performance. With features like the durable metal louver top and popular paint color, the 213LB works and looks better than ever.

- Air Conditioners – 13 SEER*
- Heat Pumps – 13 SEER, 7.7 HSPF**
- R22 Refrigerant
- 5-year limited warranty – compressor***
- 10-year limited warranty – parts†

*SEER – Seasonal Energy Efficiency Ratio
 **HSPF – Heating Seasonal Performance Factor
 ***Equipment with R22 refrigerant will receive a 5-year limited warranty on the compressor even if registered for the 10-year parts warranty.
 †Warranty provides for a total of 10 years of limited warranty coverage (standard 5-year limited parts warranty, plus an additional 5-year limited extended parts warranty). Warranty must be registered within 60 days to qualify for 10-year coverage. Unregistered equipment defaults to 5-year coverage. See full warranty at www.alliedair.com for terms, conditions and exclusions.

Comfort Enhancements

Quality Construction	You can count on Armstrong Air 213LB air conditioners and heat pumps for years of dependable comfort. The compressor is engineered for maximum durability, while a built-in filter dryer helps protect the system from contaminants. Matched indoor components include Microban®-protected drain pans which inhibit the growth of odor-causing mold, mildew and bacteria. The platinum gray cabinet , with horizontal louvers and appliance-like seams and contours , provides an attractive appearance designed to complement every home.
Energy Efficiency	Compared with older, less-efficient equipment, these air conditioners and heat pumps can help reduce your energy costs .† And with a minimum efficiency of 13 SEER, these units help lower your monthly utility bills when compared to older models with lower efficiency ratings.
Quiet Comfort	The air conditioners and heat pumps are designed to provide maximum comfort while keeping noise at a minimum. Heat pumps use QuietShift™ technology to control noise when the unit is in the defrost cycle.

†Potential savings may vary depending on personal lifestyle, system settings, equipment maintenance, local climate, actual construction, and installation of equipment and duct system.

Unit Dimensions

Model Number	Width (inches)	Depth (inches)	Height (inches)
Air Conditioners			
2SCU13LB118	24-3/4	26-3/4	25-3/4
